So close that the official count may be necessary to determine which has won, and with both sides claiming the nomination by a safe majority, the race for the nomination for United States is one of the closest ever run in Kentucky. Senator McCreary claims that he has been nominated and that the returns which he has received indicate that his majority will be about 5000. On the other hand, Gov. Beckham claims that he has won by a handsome majority, not less than 5,000.

Notice to Farmers.
Now is the time to begin to use carbon bug Cholera Remedy, if you want to keep your hogs free from disease. We will sell you a gallon of this remedy, you use it for 10 days and if it does not keep your hogs in perfect health during this time, you need not pay for the medicine. Isn't this the fairest proposition you ever heard of? Costs only 10 cents per month for each hog and the extra gain in flesh caused from its use more than pays for the cost of the remedy.

A short time ago we read in the News-Leader, quite an interesting adventure of a young man with a muskrat, so we wish to tell our adventure of last Sunday night. About midnight we were awakened by a tremendous noise down stairs. Thinking our house was attacked by perhaps the same outlaws that invaded the quiet precincts of Mr. Ben O'Daniel's short while ago. Arming ourselves with a very large round barrel navy pistol, carrying an ounce ball, an old flint lock musket load of 20 to 20 lb. shot, a stock and pockets full of powder, we went to the door. We advanced to the first landing on the stairway our search light was thrown below. Oh horrors, what a fright! Right next our still working gas. Standing leaning on the window was a very small owl which had gone in the bonnet of our stock stove at the top of the house and had scrambled down the flue bringing more soot and giving more work than comfortable to us. We released the young scrapper and told him to go and flap and breath the fresh air once more and mind whose house he is in as in the future.

THE ELECTION.

Ben Johnson Carries The
County by a Handsome
Majority—Primary
Results.

The election passed off quietly
in this county last Tuesday only
a fair sized vote being out. In
the general election there was
only one contest and that cannot
be termed a contest. Ben John-
son the Democratic nominee
fairly ran away from M. L.
Heavin the man who accepted
the Republican nomination and
then made no effort at making a
race. But for the fact that Mr.
Heavin's name appeared on the
ballot there would perhaps have
been no one to know of his can-
didacy. Johnson's majority was
504.

The advocates of the stock
law scored a victory and the law
carried in all three of the voting
precincts in which the vote was
taken

| Precincts. | Johnson | Heavin |
